7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Respecting the motto of Binod Bihari Mahato College, vidya dadati viniyam . It has been described how necessary knowledge is for a human being and what kind of humility obtained from knowledge is special in life. The priority and thrust area for Institutional Distinctiveness was Universally adopted as the Empowerment of Women. Empowering Women Through Knowledge and Education We strongly believe in the age old dictum that Knowledge is Power. Women empowerment refers to making women powerful to make them capable of deciding for themselves. Women have suffered a lot through the years at the hands of men. In earlier centuries, they were treated as almost non-existent. As if all the rights belonged to men even something as basic as voting. As the times evolved, women realized their power. There on began the revolution for women

empowerment. Empowerment Through Financial Assistance The abilities of women in making decisions, education, and profession have been largely suppressed since ages, considering them inferior to men. The situation is worst in underdeveloped and developing nations where women in a family are not allowed to take financial decisions or decide on matters regarding their own education. Our objective is to enlighten the girl students from socially and economically backward sections of the society and ensure that financial disability is not a constraint for the needy learner to pursue college education. Hence the college strives to provide different types of financial assistance, scholarships and endowments to the students or help in facilitating scholarships and financial assistance provided by the government and different non- governmental organizations.
